

A Random Date

materials needed:

coin

alphabet & numbered dice

colored spinner

the plan:

-use the spinner to determine what color you will wear on the date

-start in driveway. flip a coin to determine if you go right or left, continue this every time you come to a stop. The first restaurant you come to is where you eat dinner

-roll an alphabet die. Make/buy a dessert that starts with that letter

additional ideas:

-roll numbered dice to determine how many minutes you have to get ready for the date or assign topics of conversation for each number
